15-235 RESOLVE **Accepting and appropriating a grant in the amount of \$2,549,297 from the Federal Aviation Administration and \$141,628 from the Maine Department of Transportation under the Airport Improvement Plan (AIP) program, grant # 66 at Bangor International Airport (BGR). (First Reading and Referral to the Finance Committee Meeting on July 6, 2015)**

SPRAGUE

Executive Summary: This Resolve will authorize the acceptance and appropriation of a grant in the amount of \$2,549,297 from the Federal Aviation Administration and \$141,628 from the Maine Department of Transportation under the Airport Improvement Plan (AIP) program, grant # 66. This grant will be used for (1) the reconstruction and narrowing of taxiway N, (2) to rehabilitate a portion of taxiway A, and (3) to rehabilitate dock area taxi lanes at Bangor International Airport (BGR). Taxiway N is the oldest on the airfield and is showing significant cracking. Taxiway A runs parallel to the runway and is showing signs of significant wear due to the frequency and weight of aircraft. Lastly, the area surrounding the dock hangars is showing cracking and is exhibiting concrete damage, which creates a safety hazard. All areas will be reconstructed. This project is included in BGR's FAA approved 5-year Capital Improvement Plan (CIP). This grant will fund 90% of the project with the additional 5% coming from the State and 5% coming from the airport.

15-206 RESOLVE **Appropriation for Municipal Year 2016**

SPRAGUE

Executive Summary: Following months of discussion and deliberations, the Bangor City Council has tentatively approved a budget for 2016. The highlights of the budget are as follows:

Assessment: Construction through 2015 was at its highest level in several years and assessments in the City grew by approximately \$31 million. If approved, the proposed combined Municipal/School budget will increase the mil rate by 15 cents from \$21.80 to \$21.95. For a house valued at \$150,000 that increase will be approximately \$23 over the previous year. This rate represents a decrease of 35 cents from the manager's submitted budget in April.

School Budget: The proposed budget includes a decrease of 12 cents on the mil rate for school operations due to the anticipated additional state revenues that will eliminate the need to levy additional taxes. As a result of further reductions and increased valuations, this budget was further reduced from the manager's submitted budget and was approved by the voters on June 9, 2015.

Municipal Budget: The proposed budget includes an increase of \$.27 cents on the mil rate for municipal operations. Increases in the municipal budget are the result of reductions in State Revenues combined with increases in expenditures. Increases in expenditures were primarily driven by the increase in health insurance and minor wage adjustments.

Reduction of Force: The current budget does not include any reductions in force or reductions of programs.

Conclusion: This Resolve represents all of the changes approved by the Council since the submission of the City Manager’s recommended budget as well as the changes as a result of the Legislative approved State budget. If additional changes are enacted by the Legislature that impact the attached, these items will be addressed in early July prior to the tax commitment process. **This resolve will require an amendment by substitution.**

COUNCIL ACTION

Item No. 15-206, As Amended

Date: June 8, 2015

Item/Subject: RESOLVE, Appropriation for Municipal Year 2016

Responsible Department: City Manager

Commentary: Following months of discussion and deliberations, the Bangor City Council has tentatively approved a budget for 2016. The highlights of the budget are as follows:

Assessment: Construction through 2015 was at its highest level in several years and assessments in the City grew by approximately \$31 million. If approved, the proposed combined Municipal/School budget will increase the mil rate by 15 cents from \$21.80 to \$21.95. For a house valued at \$150,000 that increase will be approximately \$23 over the previous year. This rate represents is a decrease of 35 cents from the manager submitted budget in April.

School Budget: The proposed budget includes a decrease of 12 cents increase on the mil rate for school operations due to the anticipated additional state revenues that will eliminate the need to levy additional taxes. As a result of further reductions and increased valuations, this budget was further reduced from the manager submitted budget and was approved by the voters on June 9, 2015.

Municipal Budget: The proposed budget includes an increase of \$.27 cents on the mil rate for municipal operations. Increases in the municipal budget are the result of reductions in State Revenues combined with increases in expenditures. Increases in expenditures were primarily driven by the increase in health insurance and minor wage adjustments.

Reduction of Force: The current budget does not include any reductions in force or reductions of programs.

Conclusion: This Resolve represents all of the changes approved by the Council since the submission of the City Manager's recommended budget as well as the changes as a result of the Legislative approved State budget. If additional changes are enacting by the Legislature that impact the attached, these items will be addressed in early July prior to the tax commitment process.

Manager's Comments: This item will need to be amended by substitution on June 29th to reflect the changes adopted by the Council since the initial budget submission.

COUNCIL ACTION

Item No. 15-208

Date: June 8, 2015

Item/Subject: RESOLVE, Making an Appropriation of Downtown TIF Funds for Expenditures to be Made During Municipal Year 2016

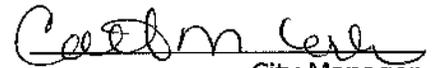

Responsible Department: City Manager

Commentary: This resolve will appropriate funds for expenditures to be made from the Downtown TIF program. As a portion of the 2016 budget, the City Council reviewed all requests for various capital and operational needs, some of which were recommended for funding from the Downtown Development District TIF funds. These funds may only be expended for purposes identified within the TIF application as previously approved by the City Council and the Maine Department of Economic and Community Development. Allowable projects include those related to downtown and parking, the waterfront, downtown infrastructure improvements (i.e. sidewalks, sewers, streets, parks, etc), Arena debt service, clean-up of the Penobscot River and allowable TIER III costs.

Department Head
