CITY OF BANGOR

(TITLE.) ORDER, Authorizing Execution of Agreement for Maine Department of Transportation Local Project – Construction Overlimit Permit – NHPP-2040(300) Pavement Milling & Hot Mix Asphalt Overlay, Outer Hammond Street/Odlin Road – US Route 2

ORDERED,

THAT: the City is hereby authorized and directed to execute an agreement with the Maine Department of Transportation for the following:

An Agreement with the Maine Department of Transportation – Construction Overlimit Permit – NHPP-2040(300) Pavement Milling & Hot Mix Asphalt Overlay, Outer Hammond Street/Odlin Road – US Route 2

Copy of the agreement is attached.

COUNCIL ACTION

Item No.

Date: March 23, 2015

Item/Subject: ORDER, Authorizing Execution of Agreement for Maine Department of Transportation Local Project –Construction Overlimit Permit – NHPP-2040(300) Pavement Milling & Hot Mix Asphalt Overlay, Outer Hammond Street/Odlin Road – US Route 2

Responsible Department: Engineering

Commentary:

For the purpose of complying with Maine Bureau of Motor Vehicle regulations, Maine Department of Transportation is requesting approval of an overlimit permit for its contractor’s overweight, over dimensional vehicles to be used on a municipal way during the support of MDOT’s construction. This permit must be in place prior to commencing the proposed projects. This order would authorize the City to execute a Construction Overlimit Permit in conjunction and support of MDOT project NHPP-2040(300) Pavement Milling & Hot Mix Asphalt Overlay at Outer Hammond Street/Odlin Road – US Route 2, beginning on Outer Hammond Street 0.41 miles east of the Target Industrial Circle and extending easterly on US Route 2 for 0.98 miles to 0.03 miles westerly of the intersection of Odlin Road and Hammond Street. Work includes spur from Odlin Road to US Route 2.

Project No. NHPP-2040(300)
Location: City of Bangor

Pursuant to 29-A MRSA § 2382, the undersigned municipal officers of the **City of Bangor** agree that a construction overlimit permit will be issued to the Contractor for the above-referenced project allowing the contractor to use overweight equipment and loads on municipal ways.

The municipality may require the contractor to obtain a satisfactory bond pursuant to 29-A MRSA § 2388 to cover the cost of any damage that might occur as a result of the overweight loads. If a bond is required, the exact amount of said bond should be determined prior to the use of any municipal way. The Maine DOT will assist in determining the amount of the bond if requested. A suggested format for a general construction overlimit bond is attached. A suggested format for a construction overlimit permit is also attached. This construction overlimit permit does not supersede rules that restrict the use of public ways, such as posting of public ways, pursuant to 29-A MRSA § 2395.

The maximum speed limit for trucks on any municipal way will be 25 mph (40 km per hour) unless a higher speed limit is specifically agreed upon, in writing, by the Municipal Officers.
