Signage for "Continuity of Community" Sculpture on Bangor Waterfront

In order to enhance public awareness and demonstrate proper identification of existing public art in the City of Bangor, the Commission on Cultural Development requests to spend \$614.80 on signage to identify the abstract aluminum sculpture "Continuity of Community," created in 1969 by Maine sculptor Clark Battle Fitz-Gerald (1917–2004). The sculpture is currently located on the Bangor Waterfront.

If this application of funds is approved, the Commission would have \$8,081 remaining of the original \$10,000 available for this fiscal year. The motion to provide signage for the sculpture was passed unanimously at the Commission's December 11, 2014 meeting.
