

Council Workshop – ARPA

Wednesday, May 9, 2023 @ 5:15 pm

1. Discussion on Municipal and School Projects

The opportunity to invest in municipal and/or school projects has always been identified as an eligible use of the funding. All of the projects within this category would benefit residents and/or visitors of our city. Below is a non-exhaustive listing of projects (in no particular order) that have been identified in a variety of settings (i.e. public survey, public sentiment, workshops or committees, staff etc.):

- Valley Avenue improvements
- Grant writer/manager
- Cameras – downtown/waterfront
- Public Safety building improvements
- Public Health facility
- City Hall improvements
- Syringe clean ups
- Public art
- Debris removal
- Transit
- Public restrooms
- Portable stage replacement
- EV chargers
- Middle school health clinic
- Sidewalk/pedestrian improvements
- Bike lanes/paths
- Streets
- Recreational trails

2. Update on ARPA Grant Application Process

Outstanding Items

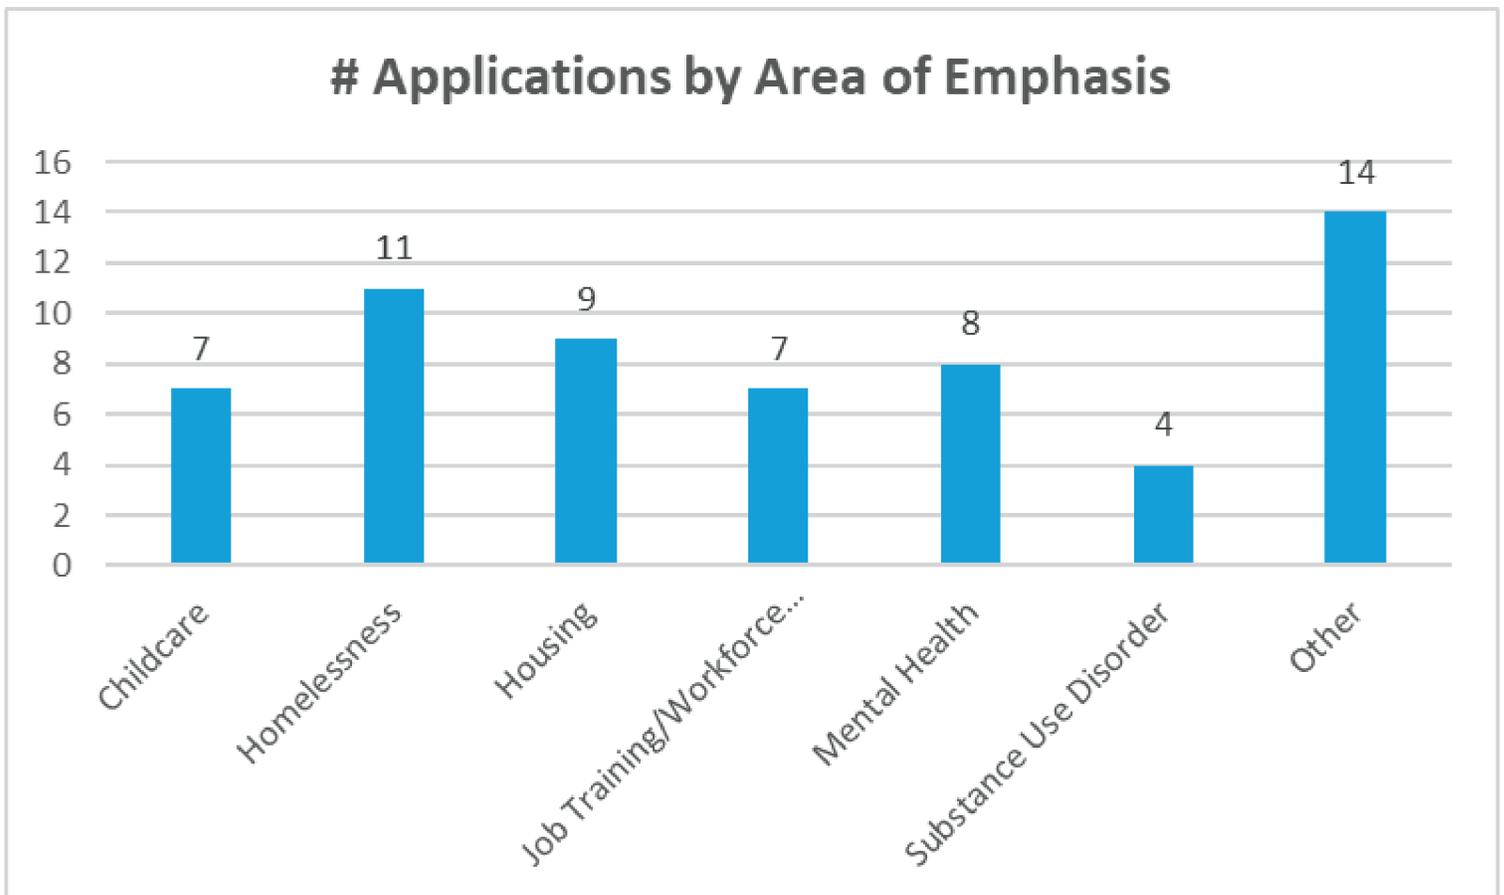

- Broadband – working with partner on a revised agreement
- Efficiency Maine Partnership Program – following up with State on additional energy efficiency funding to determine opportunity for City support
- Sprinkler Grant Application – redrafting an potential application – may need further review and discussion based on housing applications or other housing support discussions as part of proposed FY 2024 budget.
