

## **Initial City Councilor Survey Results**

**July 13, 2023**

During the Council Workshop of June 20<sup>th</sup>, where the summary reports by Heart of Maine United Way were distributed, it was noted that the citizen volunteer rankings are a starting point for the Council's consideration. HoMUW made it clear during their presentation that the rankings alone should not be the final determining factor.

During a City Council Workshop session on June 26<sup>th</sup>, Councilors indicated a desire to develop a consensus as to whether there was interest in deferring discussion on any ARPA application(s) ranked within the top 25 as well as if there were interest in adding applications that did not rank within the top 25.

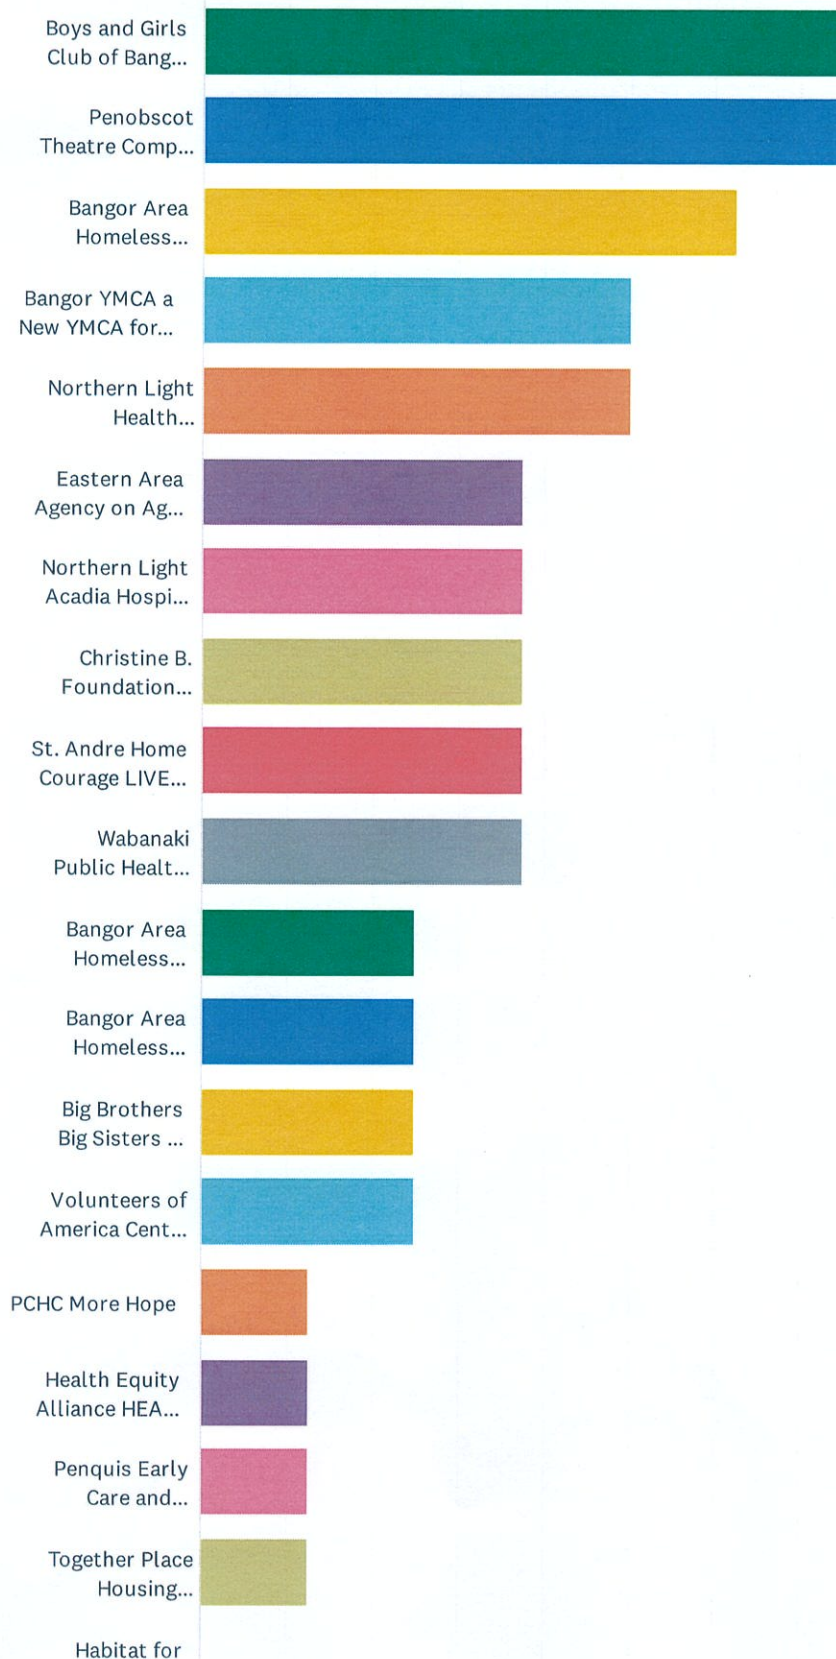

Based on the discussion that evening, a survey was developed and emailed to the city councilor's email distribution list. The attached documents is the result of the feedback from 8 of 9 city councilors. The methodology used within the survey tool does not allow staff to determine which survey was not submitted completely (all councilors indicated they had completed the survey) and individual responses are available by IP address only.

The survey was established to provide additional guidance as to where to focus the initial City Council review process and does not represent a binding decision.

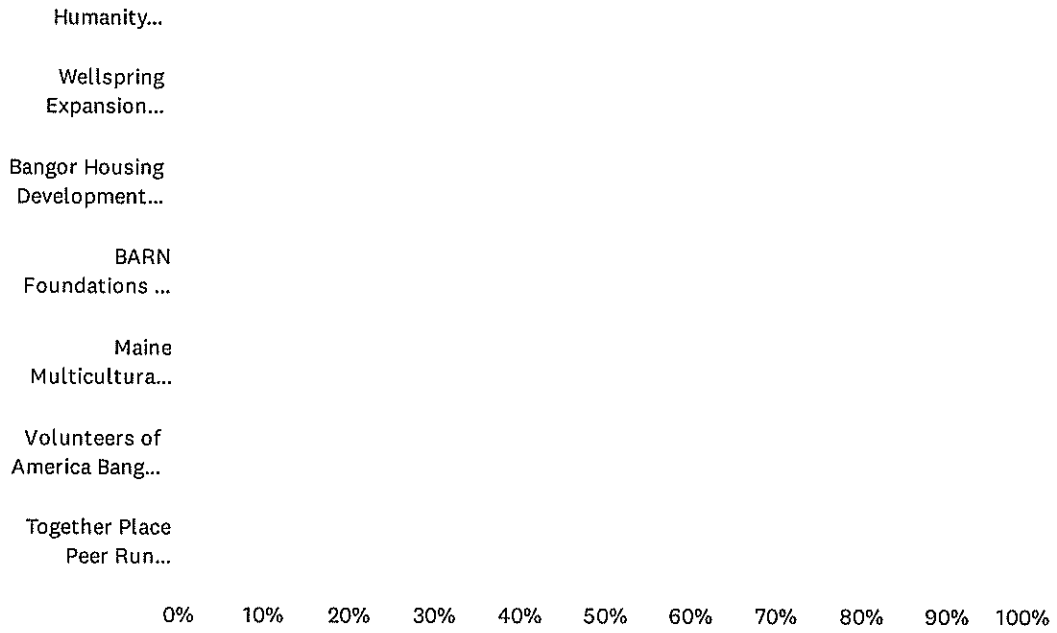

At the Council Workshop of July 11<sup>th</sup>, City Councilors requested that the entire list of applicants return to the next scheduled workshop for further discussion and prioritization.
